- Conferences:** Thursday, October 29-**DISMISS at 1:00!**
- NO SCHOOL:** Friday, October 30

Dear Families,

What a SUPER week learning about the letter Ss. The students loved hearing the letter Ss in words. We discussed the /s/ sound at the beginning and ending of words. We also used Ss to help us blend some words together. The students enjoyed some of the fun mystery bag items as well :) In Math, we continued to work on numbers. We are focusing on counting objects and writing them correctly.

Next week we will be doing report card testing. This allows us to take a look at where the students are at, and allows us to have many things to share with you at conferences. Of course the most exciting event next week is our field trip!!! The students are very excited and have been counting down the days during calendar time. If you have any questions about the field trip, please let me know!

Please watch for a note next week about communication!

If you have any questions or concerns, please let me know! Have a great weekend. -Mrs. Zenk
