- Author Presentation: Thursday, 1st
- Conference notes sent home: Thursday, October 13
- Conferences: Thursday, October 29

Dear Families,

We had a terrific Tt week! The students learned about many things that start with Tt, as well as identifying the different sounds of Tt and Mm. Also, we practiced our popcorn words and played around the world. In Math, we took our Chapter 9 test and the students did an excellent job! Thank you for helping with Math at home by completing the homework pages.

Letter Aa will be our new letter for next week. This can get a little tricky for students, as we teach the short and long sound for Aa. It is also a popcorn word, which can confuse students as well :) We will also begin blending words together such as mat, Tam, and am. For some students, they catch onto blending very easily and for others it takes some time. In Math, we will begin our chapter on numbers 0-5. We will be focusing on counting groups, writing, and identifying 0-5 correctly.

If you have any questions or concerns, please let me know! Have a great weekend. -Mrs. Zenk
